Survey Says! Don't forget to send in your completed questionnaire this month.

Click here to access the survey. Your responses will show just how well NH is doing in its efforts to reduce petroleum.

2012's Annual Report showed **1.4 million gallons of petroleum displaced** and reduced **greenhouse gas emissions of over 13,000 tons!** We expect 2013 figures to reflect a *substantial* increase!

NH Electric Cooperative's Electric Vehicle Charging Station Program.

NH Electric Co-op (NHEC) has partnered with its commercial members in a pilot program to install seven publicly available electric vehicle (EV) charging stations. The pilot program will help NHEC to better understand the use of and need for EV charging stations in its service territory. New installations include the Red Jacket Mountain View Resort in North Conway, Woodstock Inn Station in North Woodstock, Common Man in Plymouth, and Indian Head Resort in Lincoln. More sites are planned. For more information, visit:
